Spectrum Gardenia Ultimate Page Kit

TOOLS REQUIRED:
Paper Trimmer, Double-Sided Tape or Glue, Craft Knife and Scissors.

PREPARATION: Carefully remove all the laser cut pieces and printed chipboard from the packaging. Using a craft knife, turn to the reverse of the sheet and carefully cut the “pins” or nodules off each of the pieces. Sand off any residue of the nodules to leave a smooth edge.

Tip: Look at the finished piece image - if pieces won’t show, you can trim back unseen portion of laser cuts to use elsewhere.
